

## PRAYER AT HOME

Every day at 8:30pm, we encourage all parishioners to join us from their homes in a joint prayer of the Divine Mercy Chaplet/Rosary for all mankind, especially those whose lives have been affected by the virus - to be healed. Let's ask the Merciful God to stop the epidemic. During these trying times, let's thank God for the blessings in our lives: the love of family and friends, the courage of health professionals, the availability of necessary resources to help us stay healthy and for those who are currently in quarantine. Let us also pray for those who have passed on that they will be accepted into God's Kingdom.

Mother of God, protect us, look after us, and lead us in love for Your Son, Jesus Christ. Amen.

Trusting in God's providence, we bless you with all our heart.

Ks. Lech and Fr. Stanislaw
